Dr. Sivina

Dear Dr. Sivina:

Manny

I would like to let you know of an exceptional effort. Steven Greer completed all outstanding charts from prior residents which significantly benefitted Jackson Memorial Hospital as well as our relationship with Mount Sinai. As I know you are aware, we have had difficulties over the past few months over completion of records; some of which is due to resident commitments, some of which is delays in the record room.

I personally appreciate his efforts. In addition, I was the attending on the Burn Service during this time and he is, in my estimation, the best of your resident staff that I have come in contact with and he is clearly an outstanding young man. I wanted to let you know of his extra efforts and my appreciation of this.

With warmest personal regards.

Sincerely yours,

Joseph A. Moylan, M.D.
